

## MAKE YOUR VOICE HEARD

If getting to a polling location or standing in long voting lines will be an issue this November, **absentee voting** can be a way to ensure your vote is counted in the upcoming election.

There are several ways you may be eligible to vote by mail, including:

- You have a disability.
- You are at least 65 years of age.
- You will be confined due to illness or injury or you will be caring for an individual confined due to illness or injury during the entire 12 hours that the polls are open.
- You are prevented from voting due to the unavailability of transportation to the polls.

For your convenience, we have included the **Indiana Absentee Ballot Application**. Please keep these important points in mind:

- The application must be in the possession of election officials by the October 22, 2020 deadline to be processed for the November 2020 election.
- The county or the state must have the application in their possession by this deadline; any application received after this deadline – even if it is postmarked before the deadline – cannot be processed.
- A voter with disabilities may request that another person sign the voter's name on their behalf on the application. The person providing the assistance may not be the voter's employer or union representative and must complete the affidavit of assistance found on the application. If the assistor is the voter's power of attorney (POA), the POA paperwork should be submitted with the application.

If you have any questions regarding your eligibility to vote by mail or have questions about your application, please contact Indiana Election Division at (317) 232-3939.

## YOUR DELIVERIES – ADAPTING WITH CORONAVIRUS

Please read below the changes we are implementing to our delivery methods. These changes will be in effect until further notice.

When in-person deliveries are necessary, our **volunteers will hang your meals on your doorknob in a new single-use plastic bag, ring the doorbell and knock to let you know your meals have been delivered.** If you must have in-home delivery, your volunteer will keep the appropriate distance as suggested by the CDC.

Delivery drivers will sanitize their hands and wear a new pair of protective gloves when making each delivery. **Please note:** Drivers wearing gloves is used as a precautionary measure and should not be considered reason for alarm.

You have the option of receiving a **box of non-perishable, shelf-stable food** to ensure you can maintain your required caloric intake. If interested, please contact client services at **317.252.5558**.
